

# Jezebel and the Infidel

T'is Jezebel and the infidel

We're sitting and we're watching and waiting

for the Fare Thee Well (sardonic laugh)

With a devil spell the future we foretell

Tomorrow's papers will show the photos

of the Lorraine Motel

A little lullaby before you hear a cry

People gonna know what we did until the day they die

So I stand and I watch as Mr. Jimmy Ray

pulls out his rifle on the Judgement Day

And he gets on his knees but it sure ain't to pray

He just hides in the weeds...

And he begins to wait, Yes we begin to wait.

Piano and Trumpet Break / Trumpet solo

T'is Jezebel and the infidel

Sitting, watching, waiting and stalking

at the Lorraine Motel

We're gonna shoot him down, we're gonna make him pay

Shut his mouth stop the things that he say

We're gonna watch him die, spit on his grave

He's gotta know it now ...that there's a price to pay

We gonna make him pay.

Hush now don'tcha make a sound

Hush now... Hush.... Hush...

We hear the chapel bell ring

It don't mean a thing

Just wait a minute longer....

Soon you'll squeeze the trigger...

Gonna kill that... KAPLOW!

(Silence, then a blood curdling scream, followed by a frenzied percussion solo which fades out slowly into the opening chords of "Now They Belong To The Ages".)
